SUPPLEMENTAL REPORT

the Suspect would use her hair to pull her face to the Suspect's penis to orally copulate him. The Victim said that the Suspect told her to do it or else he would kill her.

I told the Victim that during the interview of the Suspect that he portrayed their relationship as consensual. The Victim immediately and loudly proclaimed, "no way, that's bull-shit"! I then asked the Victim how the Suspect was able to control her for such a long period of time and the Victim, sobbing stated, "because he said he would kill me. I didn't know what to do". The Victim said that he threatened to kill her if anyone suspected that she was not happy staying with him or if she ever told anyone about what was going on. The Victim went on to say that the Suspect told her repeatedly that if she told, no one would believe her and that he could get people to not believe her.

I asked the Victim if she ever tried to scream to get help or wake up the Suspect's fiancée and she said she did a couple of times. The Victim said that on those occasions the Suspect would cover her mouth with his hand and then choke her.

The Victim continued to cry and sob, nearly hyperventilating, so the interview was ended.
