Topic: Narrative

On the above date and time, I was on station duty when (R/V)Gorman came in and requested to make a vehicle tampering report. Gorman stated his father parked his (D)vehicle at 3998 Riverton Dr. on today's date at approximately 0745 hours. Gorman's father stated he locked the vehicle when he parked it. Gorman did not give anyone permission to tamper with the vehicle while he was away. The vehicle was undamaged when Gorman's father parked the vehicle. At approximately 1745 hours, Gorman returned to his vehicle. Gorman saw that the vehicle was unlocked. Gorman entered the vehicle and attempted to start it. Gorman discovered that the car keys did not go all the way into the (D)ignition as if something was inside the key slot. Gorman attempted several times but was unable to start the vehicle due to the jammed ignition. Gorman did not see who had tampered with his vehicle. Gorman responded to Taraval station to make a report. I gave Gorman a SFPD form 105 with a case number.
